## **KUMM A KLELE** (Musik: Peter Wolf/ Text: Ina Wolf)

another day in paradise, can't find no better words  
what I see in front of me is so beautiful it hurts  
I'll hold my breath forever, I'll do anything at all  
to put time in a bottle, to hold in without a wall  
I look in your eyes and angels arise

kumm a klele, kumm a klele umma  
blieb a klele, blieb a klele do  
säg jo, säg jo, i loß di sowieso net go  
kumm a klele, kumm a klele umma  
blieb a klele, blieb a klele do  
säg jo, net na, like to stay right where we are  
heaven ain't far

no need to eat, no need to sleep, I'm running on ..who knows!  
lost my head and heart and all, that is how my story goes, you see  
once a dream is over pink turns into grey again  
fly for just a little while, fly beside me, share my cloud and then  
I look in your eyes and angels arise

kumm a klele, kumm a klele umma  
blieb a klele, blieb a klele do  
säg jo, säg jo, i loß di sowieso net go  
kumm a klele, kumm a klele umma  
blieb a klele, blieb a klele do  
säg jo, net na, like to stay right where we are  
heaven ain't far

a broken bottle- just memories remain  
once again the faces change, the story goes the same  
boy meets girl.. finds heaven.., prays that time is standing still  
so, noone's showed you paradise? follow me! I will!  
I look in your eyes and angels arise

kumm a klele, kumm a klele umma  
blieb a klele, blieb a klele do  
säg jo, säg jo, i loß di sowieso net go  
kumm a klele, kumm a klele umma  
blieb a klele, blieb a klele do  
säg jo, net na, like to stay right where we are  
heaven ain't far
